Fundraising Update: surge of new families by 100

- 2018 Boosterthon (Oct 5th)-
 - 2017-We did not do as well as previous year. Reasons that could have affected were weather and it was earlier in the year competing against other school activities. Had a surge of new families by 100. Could communicate it more.
- Looking for add'l fundraising ideas for next year (i.e. restaurants, etc). We should not solely rely on Boosterthon
